A NINJA HISTORY

There was a time, long ago, when ninjas were just a legend.

And then, in the Dojo, shadows appeared... And vanished!

Penguins became curious. Rumours started. What was going on?

A mysterious penguin was spotted at the Dojo... It was Sensei!

Penguins discovered the ancient art of Card-Jitsu and started earning belts. After many battles, they could challenge Sensei in the ultimate contest.

Winners could turn invisible, and gain access to the secret Ninja Hideout!

A year later, smoke started coming out of the volcano.

Sensei encouraged ninjas to forge Amulets so that they could continue on their ninja journey.

With the Amulet ninjas could access the new Fire Dojo and face an even greater challenge...

Next, the wild power of the waterfall soon opened a new ninja path... the path of the Water Ninja!

Sensei has felt a shift in the elements, started by a single snowflake. Perhaps a storm is coming...

10 TIPS TO MASTER THE ELEMENTS!

Whether you're an expert or still a grasshopper, these tips will sharpen-up your Card-Jitsu skills!

EARN YOUR BELTS...

1

LOOK at your opponent's cards! If all they need is a water card, play a snow card to hold them off!

2

POWER CARDS can make lower cards win on the next turn. Use these - they can surprise your opponent!

3

Look out for the SENSEI POWER CARD to win the extreme Sensei Card Stamp!

4

Land on the SAME SQUARE as an opponent and you will battle - a good way to get points if you're losing, but it's risky!

5

A lot of ninjas START off with power cards - consider getting rid of a weak card, and save your power cards for later!

6

If you don't have a card of the right element to play, THROW AWAY a card from an element that you already have a lot of.

HARNESS WATER...

7

PLAN YOUR ROUTE! Don't get caught on a path with just one element, 'cos your other cards will be wasted.

8

If someone gets ahead of you, CATCH-UP by jumping into their cleared spaces for free!

9

CLEAR MULTIPLE SPACES at once by playing high-powered cards.

10

You can also use this tactic to SLOW DOWN your opponents by adding elements to squares near them if you're lucky... or crafty!

MASTER FIRE...

Strategy is the secret of success!

NINJA PUZZLE BATTLE!

It's fire versus water in this ninja puzzle battle! Who will win?

instructions: Play against a friend. Each take a pen and start at the same time, solving the puzzles in order. The first player to finish gets an extra five points. Then add together the rest of the scores using the score guide to see who is the overall winner. If you get stuck on a puzzle skip to the next one. Good luck!

G

is for...

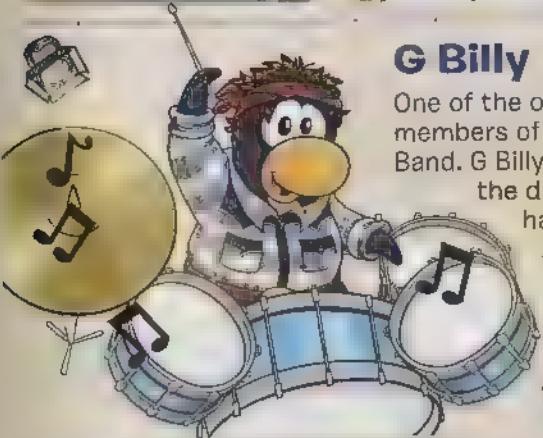

G

AKA Gary the Gadget Guy, 'G' is the coolest, craziest scientist and agent around. He's a specialist at saving the day... but only after he's had a cup of coffee!

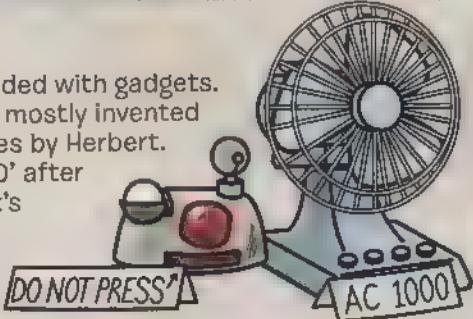

G Billy

One of the original members of the Penguin Band. G Billy can play the drums and harmonica. And he's also really good at ice Fishing. Strange but true. Probably.

Gadgets

Club Penguin is loaded with gadgets. The good ones are mostly invented by G; the mean ones by Herbert. Here's a tip - '3000' after the name means it's ready for use. Any other number? Hands off!

Gamma Gal

Gamma Gal is one of the original CP superheroes - now they're everywhere! I like her best though - she's retro cool AND she can shoot a Plasma Glow Wave!

Gift Shop

The old name for the Clothes Shop, this is where you can buy all the newest fashions for your penguin! But it's not all new - see that glass cabinet by the cash register? If you own any of these items, you're RARE!

Golden Puffle

It's really just chocolate. Maybe you can get them with caramel inside too? We simply don't know.

Green Puffles

These jokers love flying almost as much as Jet Pack Guy. Hmm, maybe Jet Pack Guy is like one quarter green puffle?

Grey

Sensei is the only grey penguin, but millions would love to get the colour. Not me though. I think grey is too normal. Give me pink polka dots any day! Or zebra stripes.

Growing Plants

Ages ago, Rockhopper found some plants that penguins could put in their igloos and watch grow! They were called Surprisus Maximus, Plantus Fantasticus, Sprouting Spectaculous and the Rare Flower Pot.

G'day guys! If you think Sensei is awesome, check out these natural ninja wonders!

PLANET

All about wild animals and caring for our world.

Master of Disguise

Chameleon

Like ninjas, these lizards can hide in their surroundings. How? They change colour! Chameleons have four layers of skin, which together make different patterns and colours. Even cooler, their huge eyes can look at two different things.

Name:

Gibbons

Gibbons are so fast in the trees that almost no predators can catch them. They have long arms and a light body to help them do amazing acrobatic tricks. They can walk across tiny branches like tightrope walkers, and leap up to 9 metres in a single jump!

SUPER-STEALTH

Snow leopards are the true masters of stealth and sneaking! They use their big soft paws to move silently through the snow when they hunt. There could be one right behind you now and you wouldn't know it, haha!

Mask Up

Ok, so racoons aren't the most stealthy, silent or agile of animals. BUT... They do already have a black ninja mask! Pretty epic, huh?
